The Cora redefines single level living. The mainstay of the ranch home world is the split ranch home with a center kitchen. This classic 3BR, 2BA configuration is typically the best selling model for every builder. Aurora Homes calls ours The Grace. The Cora upgrades all the main level bedrooms into suites by giving each a dedicated full bath and a powder room for guests. The Cora enables outstanding living through the large kitchen, flexible dining area, spacious great room (no walkways), integrated outdoor space and privacy.
