STANDARD

Robert

- Starting at 1,510 SF
- Single level living
- Second level available
- Open living plan
- 3-4 Bedroom
- 2-3 Bathroom

The Robert helps you create connection with its large kitchen and great room spaces.

The plan also gives the owner's suite privacy. The entry to the owner's suite isn't off the main living space as is typical in plans of this size. The unique layout of the Robert allows for connection to the outdoors on smaller narrow lots.

FIRST FLOOR

What it is:

compact, efficient, relaxing

What it's not:

basic, dark, expensive

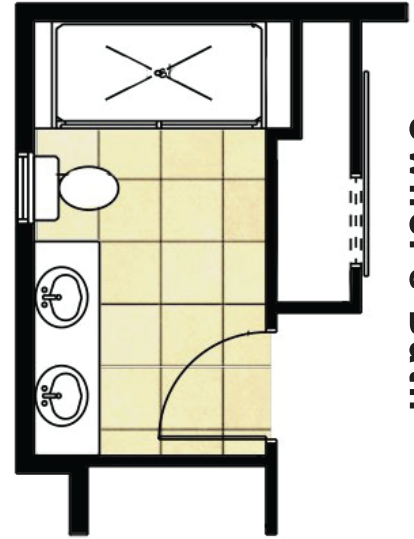

The Robert's kitchen is spacious, functional, and designed to be the heart of the home. The kitchen connects with the great room, and a separate hallway leads to the owner's retreat. The back of the great room easily creates seamless outdoor living. The available upper level allows the Robert to have additional spaces, home office, and bedrooms.
